8" Block

X-quisite
Second Colorway

One simple foundation-pieced section creates the colorful quilt shown at left. Careful color placement creates rows of bright blocks. Or, corral your color choices to create the central motif of the patriotic quilt, shown below. We've paired our "X-quisite" block with a star-spangled border made from "T Block", also available on the QUILTMAKER web site.

Sizes given are for an 8" block. If desired, enlarge or reduce the foundation pattern for alternate sizes.
