

Hopes and Wishes

A Mystery Quilt in Patchwork

All of the units will be complete in this part. Constructing more sections now will give you significant clues!

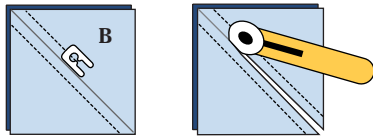

Part 4

1 Making the Unit 13's and 14's

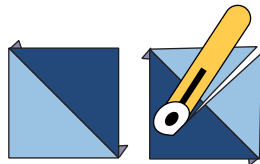

Both these units use the same construction technique as you used for unit 12's in part 3.

For the unit 13's, you will need 2 [3] light blue B's, 4 [6] dark blue B's and 2 [3] dark red B's.

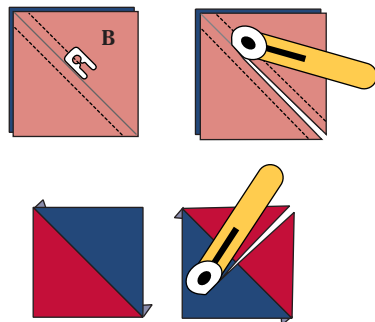

For each pair, align a light blue B on a dark blue B, right sides together, and draw a diagonal line on the light blue B. Stitch $\frac{1}{4}$ " out from both sides of the line. Cut along the line to make 2 triangle squares.

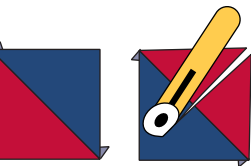

With the darker fabric on top, open and press.

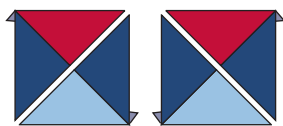

Cut all the triangle squares in half diagonally.

Pair 2 [3] dark red B's and 2 [3] dark blue B's and repeat the procedure until you've cut diagonally through the triangle squares.

Pairing appropriate halves, join to make 6 [12] unit 13's. (The sofa size will have 2 extra unit 13's.)

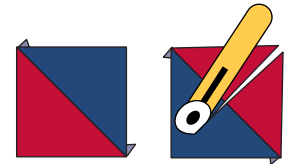

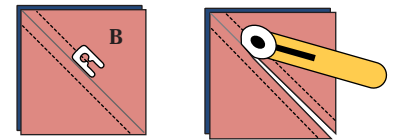

Label these and set them aside until later.

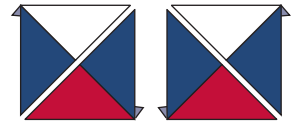

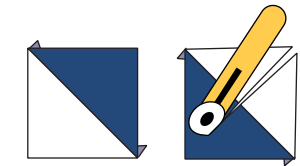

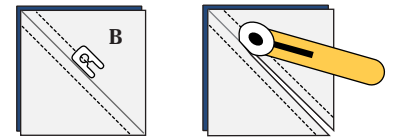

Unit 13
Make 6 [12]

For the unit 14's, you will need 2 [9] dark red B's, 4 [18] dark blue B's and 2 [9] white B's.

Pair 2 [9] dark red B's and 2 [9] dark blue B's and repeat the procedure until you've cut diagonally through the triangle squares.

Pair 2 [9] white B's and 2 [9] dark blue B's and repeat the procedure until you've cut diagonally through the triangle squares.

Pairing appropriate halves, join to make 8 [36] unit 14's.

Label these units and set them aside until later.

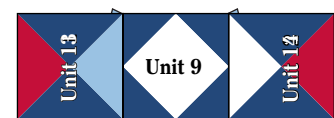

Unit 14
Make 8 [36]

2 Making the Section E's

Collect 6 [12] each of unit 9's, 13's and 14's.

Noting their orientation, join these units to make 6 [12] section E's.

Label and set these aside.

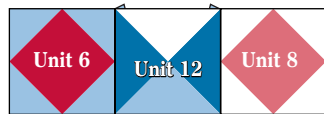

Section E
Make 6 [12]

Hopes and Wishes A Mystery Quilt in Patchwork

3 Making the Section F's
You will need 2 [8] each of unit 6's, 8's and 12's.

Noting their orientations, join these units to make 2 [8] section F's.

Section F
Make 2 [8]

Label and set these aside for later.

4 Making the Section G's
You will need 1 [12] unit 9's and 2 [24] unit 14's.

Noting their orientations, join these units to make 1 [12] section G's.

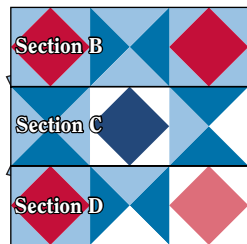

Section G
Make 1 [12]

Label and set aside for later use.

5 Making the Block X's
You will need 4 [4] each of section B's, C's, and D's.

Join these sections to make 4 [4] block X's.

Block X
Make 4 [4]

Watch Quiltmaker.com for the next portion of our series quilt where we'll make block Y's and row 1's and 3's. Makers of the queen size will also make the final 2 sections.
